

Citadel Park School

School Digital Citizenship Plan 2024-2025

Relevant contextual information about your school and School Development Plan:

- Kindergarten to Grade 5 School with a diverse population
- SDP goals focus on vocabulary building across the curriculum
- School-wide reflection: How do my actions impact the larger community? AND What role does community play in our Holistic Well-Being?

Relevant evidence and data that informs your Digital Citizenship Plan:

- As early learners, students are new to using digital tools for learning

School Digital Citizenship Plan					
Long Term Goal (e.g. spanning 8-10 months)	Theme(s) (these may be from 6 Themes of DC benchmarks)	Short Term Goals (in support of the long term goal)	Outcomes	Activities & Resources	Measures
Long Term Goal #1 Students at Citadel Park School will learn how to responsibly use digital tools to support and enhance their learning.	Involved – I am able to use digital tools to take action and find solutions to enact positive change in my community. Informed – I validate the accuracy of digital information Balanced – I understand appropriate times and situations to use technology	Short Term Goal: Students will use technology and online platforms for learning opportunities, assessment purposes and appropriate communication.	*Students will understand why they are using technology and how technology is helping them in achieving their learning outcomes and make positive change. * Students will critically and responsibly look at the information they see/read by using the acronym THINK: • Is it True? • Is it Helpful? • Is it Inspiring? • Is it Necessary? • Is it Kind?	• Digital Citizenship Page on CBE Staff Insite • Critical thinking lessons about the information we see/read online • Lessons about understanding why technology is used for learning and how it is used responsibly • Website: Media Smarts – Authenticating Information • Website: Cyber Legends • EVERFLI Ignition -Lesson 6, Evaluating Content • CBE Admirable Use Policy for Grade 3-5 students	• Students will be able to articulate why they are using technology and how technology is helping them in achieving their learning outcomes. • Students will ask to use technology at appropriate times and for appropriate reasons. • Leadership students will use technology to communicate positive community involvement.

Long term goal #2 Staff and students at Citadel Park School will understand the importance of safety while responsibly using, managing and protecting their digital tools and online presence.	Safe – I know how to protect my personal information online. Safe – I know how to create a strong password and understand why this is important. Safe – I know how to keep digital tools safe while abiding by the Away for the Day policy.	Short Term Goal: Students will understand the importance of protecting their personal information online and their personal devices. Students will understand the characteristics of a strong password and why it is important to have one.	*Students will be able to log in and keep their accounts and passwords secure *Students will create an age-appropriate unique password to access CBE network/technology *Students will understand what information is safe to share online, and what should be kept private *Students will follow the Away for the Day policy.	• Targeted lessons on creating unique passwords and the importance of keeping them secure • Website: Cyber Legends • Website: Media Smarts – Cyber Security • Website: EVERFLI - Digital Wellness and Safety • Website: Government of Canada – Get Cyber Safe • CBE Away for the Day Policy • CBE Admirable Use Policy for Grade 3-5 Students	• All students in the school will have a unique secure password to access the CBE network/technology • Students will be able to articulate what information is safe to share online, and what should be kept private • Students will understand why their devices need to be “away for the day.”
